Local Food in Exmoor and The Quantock Hills

Many local shops, B&Bs, guesthouses and hotels realise the importance of serving locally produced food and drink to their guests and to local residents. This leaflet provides information on some of the local food producers in Exmoor and the Quantock Hills. Contact the local producer direct if you are interested in them supplying your business.

The wide range of local food producers reflects the area's natural beauty and diverse character from the Quantock Hills and Exmoor to the west Somerset coastline.

The area sees the production of:

- ✓ Beers, wines, ciders and apple juices
- ✓ Honey
- ✓ Cereals
- ✓ Vegetables and fruit
- ✓ Dairy produce
- ✓ Meat
- ✓ Blending of teas and coffees
- ✓ Chutneys and jams
- ✓ Fish from local fisheries

This leaflet has been produced as part of the Stepping up to the Market project funded by LARC (Local Action for Rural Communities) to increase awareness of local food and assist with routes to market for local producers. It includes the businesses that have engaged directly with the project - but there are almost certainly others not listed here.

Published September 2013. This project is supported by:
